AMERICA'S CUP 2024

Overview

America's Cup

The Americas Cup is the oldest trophy in the international sail sport beginning back to 1851,

It was first raced around the Isle of Wight, England, in a fleet race between the New York Yacht Club's (NYYC) America and 15 yachts of the Royal Yacht Squadron.

The race was witnessed by Queen Victoria and the future King Edward VII and won by America.

The trophy was held by the NYYC from 1857 until 1983.

The NYYC successfully defended the trophy 24 times in a row before being defeated by the Royal Perth Yacht Club, represented by the yacht Australia II.

America's Cup match races are held between two sailing yachts: one from the yacht club that currently holds the trophy (known as the defender) and the other from the yacht club that is challenging for the cup (the challenger).

Any yacht club that meets the requirements specified in the deed of gift has the right to challenge the yacht club that currently holds the cup.

The Louis Vuitton 37th America's Cup take place this year in shores of Catalonia, specifically along the beach between Barcelona's Port Vell and Port Olímpic.

This is the race with no second place. Either you win or you lose.

The 37th America's Cup Barcelona attracts a diverse audience, from hardcore sailing enthusiasts to sports fans and those simply in awe of the sights and spectacle of the race boats in action. The event offers a unique fusion of athleticism and innovation. The impressive race machines, crafted exclusively by their representing countries.

The Teams

Emirates New Zealand are the reigning Cup holders, (known as the Defender) and will orchestrate a series of races involving five countries (the Challengers). The ultimate winner from all the Challengers will take on the Defender in the hope of winning the most prestigious trophy in all of sailing, the America's Cup.
